

Sarnico 65 Special

The flagship of the range, forerunner of the coupè fleet, is proposed in a new “Special” version. The interiors of the boat have been completely reshaped in order to offer an even more comfortable and pleasant owner suite. The owner’s cabin covers a wider surface, in correspondence to the centre of the hull, where the boat is more steady. The open space is made even larger by the new side window, that changes the look of the sides and allows a spectacular panoramic view. The furniture is built in order to increase the wardrobe volume. The suite is completed by a true bathroom, provided with a broad shower box.

Of course the other characteristics and the whole quality remain unchanged. The guests may comfortably stay in the VIP bow cabin or in the stern one, with independent access from the cockpit and completely isolated from the saloon, for a better privacy.

Both cabins have direct access to their bathroom, each one provided with shower box. The salon maintains enough space to host a living space with a table and a fully equipped galley. The crew cabin and a hallway with all household appliances complete the under deck layout.

Key elements of the success remain the sharp line and the hard top, whose frontal opening, starting from the upper side of the windshield, enables to air the cockpit and fully appreciate the speed sensation from the piloting position.

Although sporty, the Sarnico 65 always shows a clear elegance which makes it standing out from the other boats of similar typology. Despite the dimensions and the displacement, it reaches 39 knots with two 1360 hp engines.

Dimensions and Technical Specifications

Construction Material Fiberglass
Length 19,55 m
Construction Length (LH) 19,12 m
Beam 4,86 m
Draft 1,45 m
Standard engines MAN 2 x 1.100 hp
Maximum engines MAN 2 x 1.360 hp
Dry displacement 26 t
Maximum speed 37-39 knots depending on the engines
Cruise speed 32-34 knots depending on the engines
Fuel tanks 2.760 lt
Fresh water tanks 660 lt
People on board 14
Sleeping accomodations 6 Crew 1
