

**The new Sarnico 45**

Sarnico 45 is a classic in the international boating range. Created in 1995 from co-operation between the shipyard and the Nuvolari & Lenard design studios, it continues to receive the enthusiastic acclaim of many new owners.

The versatility of this boat never ceases to surprise: it easily transforms from a splendid small yacht into an exciting sports boat, speedy, silent and easily manoeuvrable. The interior, luxuriously finished thanks to the legendary craftsmanship of the workers of Sarnico, features, beyond the spacious salon with adjoining galley, two fully independent staterooms.

<b>Construction material</b>	GRP
<b>Length o.a.</b>	ft. 48,72
<b>Construction length</b>	ft. 47,70
